Species of fish

found in this exclusive wilderness territory

Landlocked salmon

Also known as Ouananiche. These silvery battlers can exceed 12 lbs on occasion. Average sizes between 3 and 6 lbs.

Speckled Trout

Also called Brook Trout. Found in all our lakes with weight varying from 1 to 5 lbs.

Arctic Char

The landlocked Arctic Char is mainly found in the larger lakes and tend to play hard to catch. Sizes vary but up to 5 lbs have been caught.

For an **uncrowded vacation**, do not hesitate to contact us, and we will be pleased to supply you with additional information in order to ensure that you will experience an unforgettable fishing vacation and a great outdoor adventure.
